PANTHERS LIKELY TO BE
TOPS IN SOUTHWEST

Conference Predictions

| |
|--------------------------------|
| 1. Prairie View |
| 2. Southern Univ. |
| 3. Langston and Bishop College |
| 5. Texas College |
| 6. Wiley College |
| 7. Arkansas |

Nobody who is human can foretell accurately just what will happen in the future, but it's very human to try. Especially in the field of sports.

The success with which you can guess what the future holds is another matter, but this department's confidence was bolstered considerably by the results of last years peek in the dark. You may recall that our team won six and lost four of ten games turned out pretty well. The games we lost were close ones. Before I continue to go any further I want to take notice of the predictions. Texas College is in fifth place which means nothing. They could fool you, they are going to be hard to beat, so watch them.

So why not, we reason, I risk my neck a long way to say I do believe the Panthers will be the top team this year.

Like a baseball team depends much upon the pitcher, a football eleven depends much upon the quarterback. Like it or not, football is not like the old days when guys had all muscles and no brains..

Football today is primarily a man with brains combined with a little amount of physical equipment and developed or natural talent. You hear most old timers say, "It takes a heart to play football,"—true. It takes a heart to do anything else, namely—living, if you know what I mean.

But just having the heart and heart alone isn't enough. Brains, brains, and more brains is the demand in football nowadays. On any practice field you'll hear any coach saying—"When you guys get SMART, we'll win some games."

Hangmen of P. V.
Subdues Dragons 64-0

Well, the Prairie View Panthers put on a floor-show for some 3000 fans as they hypnotized the Sam Huston Dragons in a 64-0 trounce.

There was no particular star, for there were many, although a rookie by the name of Leroy Crawford performed a little more spectacular. The helpless Dragons never got inside the Panthers thirty yard line.

"Big Pick" Brown steam-rolled his way from the 3-yard line for the first touchdown. Joe Henry converted. Peyton "Pony Express" Womack zig-zagged his way 21-yds. for the purple and gold second touchdown. All-American "Tank" Dillon bull-dozed his way for the Panthers third tally from the 6-yard line. Just before the half time ended Edward Price and Charlie Brackins—alias Choo-Choo Jones countered for the Panthers and made the score stand 32-0.

In the third and fourth quarters the scoring was done by Leroy Crawford twice, Edward Price, Marvin "Kremo" Richards and George Korkerway. The Panthers line was murderous, and no wonder for the hard hitting and blocking of Charles Wright, Vance Heard, Leonard Robinson, John Freeman, Jack Price, Charles Haywood, Ira Franklin and Donald Grace, was too much man power.

Prairie View has one of the best, if not the best line in the Southwest. This line is a Coaches' dream and an opponents nightmare. Other outstanding players were Richard Lewis, Willie Pruitt, Billie Howard, Chester Hancock, Paul Scott, Andrew Kelly and Charlie Rogers. Coach Jas. Stevens is behind it all.

Col. Chase Speaks at
Regional 4-H Camp

Lt. Colonel H. Y. Chase, PMS&T at Prairie View A. & M. College was a speaker at the Regional 4-H Club encampment held recently at Arkansas A. M. & N. College.

Colonel Chase was one of several important leaders who addressed the 124 young delegates from 17 southern states. Two Texas 4-H clubbers were included in the group.

Governor Sid McMath of Arkansas welcomed the delegates and set the conference Theme by stressing in his address the increased opportunities for education, employment and general advancement which are now open to the youth of America, white and colored.

The Sporting News

PANTHERS STRANGLE BISHOP TIGERS
72-0 IN PORT ARTHUR CLASSIC

Saturday, October 29, a tornado hit the Bishop Tigers football team and brought tragedy to all those who were tiger fans. This tornado was not the usual mother-nature kind. You see this tornado was the Prairie View Panthers.

Yes, coach Jimmy "The Hawk" Stevens led his crew to another victory as the Panthers gave the Bishop Tigers a severe beating with the scores ringing 72-0. The outstanding players were just about the whole team, although Edward Price, fleet halfback for the Panthers, tallied four times. Willie Pruitt, fullback, zoomed through the Tigers line like something shot out of a gun and was crossing the double-stripe before the Tiger

Pressure on Dillon

The pressure hangs heavy on Ray Don Dillon, the Panthers big All-American.

The pressure is on Dillon because—

1. Last year the Panthers were not expected to be the top team nor, for that matter, have an All-American backfield. But, with his amazing running tactics, Dillon ripped the gridiron wide open, and by doing so gained a berth on the All-American and All-Conference teams. However, many said he did not deserve it.

2. This year the Panthers are picked to be the top "hoss" in the Southwest, and therefore Dillon is expected to be leading the way.

3. This is Dillon's last year and he should be at his best.

Dillon is also captain of the 1951 Panther team.

Be Happy - Go Lucky!

At crossword puzzles I'm adept. Five letters, you'll agree, For "perfect taste in cigarettes" Are L.S./M.F.T.

SELECTIVE SERVICE REPORTS

Freshmen Students
Automatically Deferred

The freshman college student gets a break this fall if he receives an order to report for induction from his draft board, says Brig. Gen. Paul L. Westfield, state draft director.

"If a man is in his first year of college and has never before been postponed or deferred to stay in school," General Westfield said, "he automatically gets a deferment for a full academic year."

"Congress has given the first-year man a break," the state draft director continued. "He doesn't have to satisfy board members or meet any test or scholastic requirements. He has only to pursue a full-time course of instruction to the satisfaction of college authorities."

General Westfield advised freshmen they "had better study hard this fall and next winter and spring," as they will likely have to satisfy minimum draft board standards for deferment in the second scholastic year.

"One of these standards is their first-year class standing," he pointed out. "So it would be a good idea for a freshman to start applying himself from the beginning."

"Apparently, Congress decided that every young man who goes to school would get the same chance the first college year," he continued. "After that he has to prove on the basis of his own merit that he is due further deferment to study."

Undergraduates beyond the first year, in order to be eligible for deferment under the student classification plan, must satisfy the draft

RUTH JOY EDWARDS... is the PANTHER's selection for the most versatile student on the campus. She is considered as a balking dream consisting of brains, personality, and beauty. Ruth's versatility has resulted in her becoming a member of Alpha Pi Mu, Beta Kappa Chi, T. A. S. C. A., and also Superintendent of the Prairie View Sunday School for the second successive year. In addition she has received the Science Award, the A. K. A. scholarship, and Sunday School Award. Her hobbies include tennis and music (classical, cool and hillbilly.) She is a Senior hailing from San Antonio.

Banks, Anderson, and Carpenter
Retire from College Service

Three of Prairie View's well-known and well-loved figures have removed themselves from the college scene after more than 25 years of outstanding service to the institution.

They are Dr. W. R. Banks, who served as head of the college from 1925 to 1946; Charles E. Carpenter, professor of modern languages at the college since 1925; and Pierce Anderson, instructor in farm blacksmithing, who has lived and worked at Prairie View since the turn of the century.

The administration and college faculty paid honor to these retiring teachers in a reception last August 22. Bound volumes of letters of appreciation and other testimonials were presented to them, while their wives received bouquets of flowers and gifts.

Dr. Banks, who will continue to serve as Chairman of the Board of Texas Southern University, has recently completed a new home south of the main campus where he and Mrs. Banks will move. Mr. and Mrs. Carpenter have also completed a new home near the campus, and Mr. and Mrs. Anderson have both retired to their home in Waco, Texas.

The three men will long be remembered and their influence felt at Prairie View. Banks, a veteran of almost fifty years of service in education, became one of the outstanding Negro leaders in the nation. Professor Carpenter was the first Negro in Texas to hold a Mas-

PV's Enrollment Has
Reached a New High

According to the Registrar and various officials of the college, Prairie View's enrollment has soared to an all-time high. An estimate of 2,400 was made but this figure might be exceeded in the final analysis. No distribution of this figure by classes or sex has been made.

President Evans
Addresses Students

On September 23, 1951, Dr. E. B. Evans, President of the college, made his annual address to the student body.

He emphasized the purpose of each student coming here. "Your coming here, I hope, is clear realization of the role you must play in your family, your community, your nation and your world. Surely you have definite purposes in coming to college. You may wish to learn a trade or profession, you may wish to develop those qualities or traits that will spell leadership, or prestige or social power. Or you may want to have the good times athletics, or dances or campus courtships may provide or you may have a creative desire which college training can nurture into some unique contribution that you alone may feel impelled to make. Whatever you may desire or decide to do, you cannot shirk your duty to your country from now on."

In regards to the world situation, Dr. Evans pointed out clearly that the world is split into two warring camps with different economic, political and social systems and ideologies. The east, representing Russia, her satellites, China and much of Asia, is in opposition to the Western Nations. Although the United Nations organization has done an excellent job in keeping the peace, the two sides have carried on a cold war and several small shooting wars.

Taxes have been greatly increased and universal military service has been evoked to supply military

(Continued on Page 4)

Prairie View A & M College Gets Thirty-eight
New Staff Members For This Semester

Thirty-eight new faces appeared on the scene September 1 when Prairie View A. & M. College opened business for the new term.

The new people are faculty and staff members who represent changes, replacements and in some cases additional personnel for the rapidly growing schools and departments.

The School of Arts and Sciences represented the largest group of new members with fourteen. They are Miss Lillian Garnett and Willington Swindall, business administration department; Miss Carolyn Prunty, education; Miss Doris Morris and William H. Robinson, English department; Igal Spraggins, sociology; Willie L. Brown, history; Miss Hermoine Goins and Julius Jones, music; Andrew Stein and Clifford Ward, science; Miss Dorothy Phelps, physical education; Miss Wendolyn Bell and Miss Gloria Lindsay, languages.

The School of Agriculture added L. U. Mason, instructor, and Mrs. Valerie Stafford, secretary. The

NAME OUR NEW DORMITORY

PLEASE PARTICIPATE

The men's new dormitory, which will be ready for occupation in a few weeks, must be named. THE PANTHER wishes to solicit and urge your help.

IT'S SQUARELY UP TO YOU

I, as a student at Prairie View A. & M., would like for the new Men's Dormitory to be named: _____

Clip this out and carry or send to Foster Hall Dean of Men's Office.

EIGHT CHEERLEADERS SELECTED

Eight students have been selected to handle the cheer leading chores for Prairie View during the '51-52 season: They are:

1. Dorothy Jean Curvey (Co-Capt.)
2. James O. Sullivan (Co-Capt.)
3. Blandene Curl
4. Willis Lee Mills
5. Mildred Hodges
6. Morris McDonald
7. Gloria Thomas
8. James Love

Former P. V. Student Visit the Campus

Roscoe Gibson, a former senior at Prairie View A. & M. who was called away to war, returned to visit the old stomping grounds last weekend.

Roscoe was recently discharged having earned the purple heart and a battle star. He held the rank of Master Sergeant. Mr. Gibson is a native of West Columbia, Texas.

Arts and Sciences Students to Meet

It was announced today that there will be a meeting of all students enrolled in the school of Arts and Sciences October 24, 1951 at 7:00 P.M. in the Auditorium-Gymnasium.

Dr. T. P. Dooley, dean of the school of Arts and Sciences will discuss the requirements for graduation in the area of "general education" and recent changes in requirements. A discussion shall be presented on new certification laws for teachers.

The heads of all departments in the school of Arts and Sciences shall be presented and in turn will discuss the departmental requirements for graduation.

A period shall be set aside to allow students to ask questions pertaining to academic regulations.

It is hoped from this and similar "get-togethers," a spirit of cooperation, mutual understanding, respect and love for Prairie View may be developed within the students in the school of Arts and Sciences.

RETIRING — AFTER MANY FRUITFUL YEARS AT THE COLLEGE... (l. to r.) Dr. and Mrs. W. R. Banks, Mr. and Mrs. Pierce Anderson, and Mr. and Mrs. C. E. Carpenter. These retiring professors and their wives are pictured with gifts of flowers presented to them by members of the faculty at a reception in their honor given on August 22.

Lt. Reginald J. Sapenter, giving instructions to two soldiers at Camp Atterbury, Indiana.

Matchless... Priceless...
are **CHICO SLACKS**
(California Here I Come) .. Slacks

CHICOS are the slacks with the can't-be-copied style features. These slacks are the brainstorm of a very youthful and enterprising slacks concern (Esquire Sportswear Co.) in New York whose owners have a healthy California obsession.

CHICO — which means the most advanced slacks styling — perfectly proportioned through the seat — the just-right dimensions at the thigh and knee the right taper and hang.

A leading school of design — the Academy of Designing thought so much of CHICO slacks that they awarded the makers a Gold Medal.

We have complete selections of these matchless, priceless slacks for you to choose from.

We have CHICO flannels, CHICO garbardines, CHICO worsteds and a multitude of sizes and colors in coverts, tweeds and bedford cords.

From \$14.95 to \$21.50

Started with 50 cents PRAIRIE VIEW FARMER SHIPS 30 CAR LOADS OF WATER MELONS ANNUALLY

A farmer who started out as a sharecropper with only 50 cents in his pocket now ships 30 carloads of watermelons a year, says W. C. David, Texas State leader of Negro Extension work, in a report received last week by the U. S. Department of Agriculture.

The farmer is 44-years-old Hilliard L. Muse of Prairie View, Texas. In addition to 125 acres of watermelons, he also raised some peanuts, cotton, cattle, and hogs. "This gives me a balanced cropping system," says Mr. Muse, "and it's suited to my land."

Adding up his annual returns from crops raised on his 275-acre farm including the 125 acres he rents in different areas each year for his melons, the former cropper shows a total of nearly \$20,000 on the average.

The 30 to 40 carloads of watermelons alone bring him a gross of about \$12,000; peanuts, \$4,000; cotton, \$800; and cattle and hogs, \$2,000. But when one mentions expenses, Mr. Muse throws up his hands in a gesture of being robbed.

Mr. and Mrs. Muse married in 1928 and began sharecropping. Up to that time he had been helping his parents more or less as an unpaid hand. "After I bought the marriage license," says he, "I had only 50 cents left." From that year until 1941, he and his family sharecropped near Sunny Side, Texas, raising cotton on halves, but never being able to save up anything.

A few months before Pearl Harbor, the Farmers Home Administration lent them \$6,470 to buy 150 acres near Prairie View's campus, and to build a home and barn.

"We like being near Prairie View," says Mrs. Muse, "because it makes it easier to give our children an education." One of their children has already entered Prairie View; one is in high school and the others are on their way up through the grades.

When the Muses first moved to their farm, they tried to raise a big crop of cotton. "It was the only thing we knew," the melon farmer points out. "But the crop failed; the land just wasn't suited to cotton."

Then their county agent, C. H. Poole, got them to try their hand at melons on 10 acres and carry out a cotton-peanut experiment on

Waites Receives Promotion

WITH THE THIRD INFANTRY DIVISION IN KOREA... Leroy Waites, 24, former instructor at Prairie View College, Prairie View, Texas, has been promoted to the rank of First Lieutenant, it has been announced by 15th Infantry Regiment headquarters.

Lieutenant Waites was commissioned a Second Lieutenant at Prairie View College in 1948, and served as a platoon leader before going overseas. He was on duty for some time at Fort Lewis, Washington.

The officer taught political science at the college before being called to active duty. He holds membership in the American Political Science Association.

P. V. Graduate Directs Agriculture Division At Tennessee State

Dr. Frederick D. Smith, a graduate of Prairie View, has been recently named Coordinator of the division of Technical Agriculture at Tennessee State College.

Dr. Smith, a native of Texarkana, Texas, also holds the Master of Science Degree in Animal Husbandry and the degree of Doctor of Veterinary Medicine from Michigan State College.

He formerly served with the Dairy Poultry Department of the U. S. Department of Agriculture at Georgetown, Delaware.

SALUTE TO The Fighting Sapenters

CAMP ATTERBURY, IND.— First Lieutenant Reginald J. Sapenter, youngest member of the "Fighting Sapenters," is adding another brilliant chapter to the military history of this famed Negro family.

During World War II five members of the Sapenter family fought with distinction in the South Pacific.

Four of the brothers were master sergeants—the Army's highest non-commissioned rank—while the fifth brother was a warrant officer. They fought side-by-side on New Guinea and other Pacific battle-grounds.

Today Lt. Sapenter, the "baby" of the family, is helping train soldiers here at Camp Atterbury.

He is giving young trainees the benefit of his brief but action-packed Army career which includes seven months of bitter fighting in Korea.

The 23-year-old lieutenant's Army career began less than 18 months ago when he received a commission upon graduation from Prairie View College, Texas. He had taken an advanced Reserve Officers Training Course (ROTC) while in school. That was in March 1950.

Two months later he landed in Japan and joined the all-Negro 24th

Regiment of the 25th Division.

This regiment was moved from Japan to Korea within 10 days after the Korean war broke out and Lt. Sapenter was leading his men against the Communist North Koreans on July 12, 1950. A Chinese bullet ended the war for him seven months later.

The 24th played a key role in the defense of the Pusan Perimeter and then swept up the east side of Korea when the offensive was launched.

Lt. Sapenter's unit had driven to within 18 miles of the Manchurian border when the Chinese unleashed their surprise attack late in November.

"They were so thick you couldn't tell whether the man next to you was friend or foe," he said.

The young officer was wounded near the Han River, just below Seoul, on Feb. 21 of this year.

He was leading his men up a hill when it happened. The Chinese opened up with everything they had—machine guns, mortars and small arms fire.

"I was leading my men to cover when I felt a sting in my left leg," he said, "I looked down and my fatigues had a rip in them. Blood was oozing from the wound in my left leg."

Lt. Sapenter fell to the ground behind a tree, where he remained for 10 hours before medical help arrived. He was evacuated to Brook Army Hospital, Ft. Sam Houston, Texas, where he spent three months recovering.

He was assigned to Camp Atterbury two months ago and is executive officer of the 5015 Training Detachment here.

The one thing that stands out in Lt. Sapenter's mind about his experience in Korea is the fact that he was wounded a year to the day after his graduation from college. He received his diploma on Feb. 21, 1950.

His five brothers—Robert, Von, Ernest, Jr., Pert and Art—live in Los Angeles. His father, Ernest, Sr., is manager of a shoe store in that city.

Lt. Sapenter married his college sweetheart two weeks after his graduation. He and his wife, Dorothy, now live in nearby Franklin, Indiana.

The mild-mannered officer, who was promoted to 1st Lieutenant on January 8 of this year, calls Goliad, Texas, his "home." His grandmother and several other relatives live in that city.

EVERYBODY makes mistakes, but some people manage to forget them, which is all to the good.

THE HAPPENINGS

What! When! Where! We return to real the happenings now and then.

The most startling thing we have observed so far is the bodacious crop of lovely fishettes (freshmen girls) that have entered into our mecca of education. An impromptu rating, places the towns from which the beauteous babes-on-the-campus come from as this:

1. Houston 2. Beaumont 3. Dallas 4. All other towns tied for fourth. (Note: All towns subject to re-rating.)

Gracious Mary Dupont just breezed in from California where she spent a lovely vacation in Oakland. Miss Dupont visited the War Memorial Opera House where the Japanese Peace treaty was recently signed. She reports that the weather was fine, cool—and pleasant—um-m-m.

On the more artistic side Miss Dupont saw Josephine Baker and was also very pleased to see Prairie View's own Billie White singing opera excerpts at one of Oakland's fabulous dinner clubs. Miss Dupont's trip was so enjoyable that she plans to fly to Oakland for the Christmas holidays.

Congratulations are in order for all the newlyweds on the campus. Noted among the list of "Prairie View's brides" is charming Clara Dawsey who recently became the bride of Sgt. Fatie Robinson, a graduate of Prairie View. The new Mrs. Robinson, is one of Prairie

View's most versatile senior co-eds.

Congratulations are also in order for the number of engaged couples on the campus. Some of the young ladies who have recently acquired sparkling diamonds or their equivalents (first pins, keys, etc.) are Earline Wilcots, Valasta Kemp, Dorothy Bellinger, Drucilla Moore, Hester McNeil, Joyce Jackson, and Lois Jordan.

Edwardlene Fleeks also breezed in from a lovely summer's vacation in California. She's sporting that "Sunny Cal" personality and a nifty wardrobe. I see that she and Henry Lous, "Tag," still have a lot in common.

Hats off to the football team and to the freshmen members of the squad; truly Saturday's game was a command performance.

Many ex-Prairie View attended Saturday's game. Seen among the cheering crowd were: Lt. and Mrs. Emmett Jones, Lt. Claude Ellis and PFC. Rogers Johnson.

Miss Gloria Thomas was superb for a first year cheerleader. The two Berry's, Virginia, from Mt. Pleasant and Eugene from Dallas, seem to have more in common than names! Also Iris McAlpin and Carl Tigner are like two love birds—isn't that crazy! Gwen Faulkner and the great Ray Dillon are still playing it cool!

HEY GIRLS! HAVE YOU SEEN ALL OF THESE CUTE FRESHMEN BOYS!

President Evans Addressed Students

(Continued from Page 1)

personnel for every branch of service, and that the youth definitely, has a place in the war economy.

Another important point brought out by the President was "Challenge To New and Old Students of Prairie View," and this challenge was to carry on the tradition of Prairie View college for high scholarship, for all-round development of all students, for leadership, training, for community service, for school spirit, character, culture and common-sense.

Finally, love your Alma Mater. Support her. Love her. Serve her. Many opportunities you will have daily for serving and saving your Alma Mater.

Hail To Dear Prairie View.

LAW SCHOOL ADMISSION TESTS SCHEDULED

The Law School Admission Test required of applicants for admission to a number of leading American law schools, will be given at more than 100 centers throughout the United States on the morning of November 17, 1951, February 23, April 26, and August 9, 1952. During 1950-51 over 6700 applicants took this test, and their scores were sent to ninety law schools.

A candidate must make separate application for admission to each law school of his choice and should inquire of each school whether it wishes him to take the Law School

Admission Test. Since many law schools select their freshman classes in the spring preceding their entrance, candidates for admission to next year's classes are advised to take either the November or the February test, if possible.

Bulletins and applications for the test should be obtained four to six weeks in advance of the desired testing date from Educational Testing Service, P. O. Box 592, Princeton, N. J. Completed applications must be received at least ten days before the desired testing date in order to allow ETS time to complete the necessary testing arrangements for each candidate.

GRADUATE RECORD EXAMINATIONS SCHEDULE ANNOUNCED

The Graduate Record Examinations, required of applicants for admission to a number of graduate schools, will be administered at examination centers throughout the country four times in the coming year, Educational Testing Service has announced. During 1950-1951 nearly 10,000 students took the GRE in partial fulfillment of admission requirements of graduate schools which prescribed it.

This fall candidates may take the GRE on Friday and Saturday, October 26 and 27; in 1952, the dates are February 1 and 2, May 2, and 3, August 1 and 2. Since the GRE is not required by all graduate schools, ETS advises each student to inquire of his prospective school whether or not he is expected to take the test and, if so, on which dates.

The GRE tests offered in these

nationwide programs include a test of general scholastic ability, tests of general achievement in six board fields of undergraduate study, and advanced level tests of achievement in various subject matter fields. According to ETS, candidates are permitted several options among these tests.

Application forms and a Bulletin of Information, which provides details of registration and administration, as well as sample questions, may be obtained from advisers or directly from Educational Testing Service, P. O. Box 592, Princeton, N. J., or P. O. Box 9896, Los Feliz Station, Los Angeles 27, California. A completed application must reach the ETS office at least two weeks before the date of the administration for which the candidate is applying.

HELEN KIRK RECEIVES FELLOWSHIP AT UNIVERSITY OF PITTSBURGH

The University of Pittsburgh has awarded a Fellowship to Miss Helen Celesta Kirk, a May graduate of Prairie View. The fellowship provides free tuition and a stipend of \$800.00 for living expenses, and will permit Miss Kirk to attend the School of Social Work of the University.

Miss Kirk is an honor graduate in Sociology from Prairie View. She received the T. K. Lawless Award for the Senior Student who made the outstanding contribution to the college, and several other prizes and awards at the Annual

Honors Day Convocation in May. She is a charter member of Sigma Rho Sigma, an honorary Social Science fraternity, which requires a student to have at least a "B" average. She is also a member of the Texas Academy of outstanding students in Colleges throughout Texas.

Last March, Miss Kirk read a paper before the Southwestern Student Sociological Society in the Driskill Hotel in Austin, and in April she participated in the Social Work Student Round-Up at the Central Y. W. C. A. in Houston.

Sunday School Holds Initial Meeting

The Prairie View A. & M. College Sunday School had its initial meeting Sunday, September 23, 1951. Various plans are underway for the largest student organization on the campus including the Annual tour picnics, programs, A. choir and dramatic productions.

The officers for the coming year are as follows:

Superintendent, Ruth J. Edwards
Assistant Superintendent, Melvin Simmons
Secretary, Hedy Palmer
Assistant Secretary, Barbara Hines
Treasurer, James Sullivan
Supervisor, Dr. T. P. Dooley

Faculty instructors are:

Mr. G. L. Smith, Jr. and Sr. Class
Mrs. Z. Coleman,
Sophomore Class
Mr. J. E. Ellison
Dr. T. P. Dooley, Freshmen
In the Junior Department:
Mrs. M. F. Bradley
Mrs. Preston
Mr. Woods

FIRST STUDENT SOCIAL HELD

The first all-student dance was held in the Auditorium Gymnasium on Saturday, September 22.

The affair honored especially the proud freshman class of '51-52 and the gallant gridsters of Prairie View A. & M. College.

The social represented an improvement something like the ration of 2:1 over the majority of like occurrences during previous years. There was interesting decorating material in strategic places inside. The Prairie View Collegians provided excellent music and J. Randolph Lee acted as "emcee" doing the salutes and honors to the classes.

COMING? . . . No. Going. These shots look much like the first day of school with students arriving by train a few weeks ago. Instead they were taken the closing day last year and show the departure of many students homeward bound.

Faculty Members Return From Summer Study

Prairie View faculty members are making the best of their opportunities to continue training on official leave-of-absences from the college.

More than thirty percent of the instructional staff have been in attendance at some recognized institution of higher learning within the past three years.

Seventeen staff members included in this number were away during the summer period and have returned for regular assignments this fall.

This impressive group includes:

Miss R. L. Bland, Dean of Women — Syracuse University
Miss D. I. Burdine — Denver University
Mrs. C. B. Coss —
Miss E. W. Cullins — Boston University
Mrs. D. M. Ellis — Traphagen Fashion School
C. S. Garrett — Harvard University
Miss Julia Hall —
H. S. Houston — Illinois School of Technology
H. T. Jones — University of Kansas
J. E. Phillips — Indiana University
J. C. Rawls —
E. D. Sheen — University of Illinois
S. W. Spalding —
Mrs. M. F. Bradley — University of Southern California
L. E. Scott — Chicago University
Miss H. G. Pierson — Julliard School of Music
Luther Mitchell — Milwaukee School of Engineering
Samuel W. Davis, professor of education, was granted leave to study at the University of Chicago during the 1951-52 school term.
Bradley G. Moore, band instructor, is attending Ohio State; and J. A. Randall, the University of Michigan.

P. V. SUNDAY SCHOOL ORGANIZED

The Prairie View Sunday School was organized Sunday, September 23, 1951. The officers elected were as follows:

Superintendent, Ruth Joy Edwards
Assistant Superintendent, Melvin Simmons
Secretary, Hattie D. Palmer
Assistant Secretary, Barbara O. Hines
Treasurer, James O. Sullivan

The Sunday School attendance was good and all students and faculty members are invited to participate in the activities of this organization.

FEW THINGS equal the look of astonishment of a golfer's face when he swings easy and hits the ball a mile.

RECENT PRAIRIE VIEW GRADUATE NAMED TO POST IN ILLINOIS

Miss Mary Lou Freeman, a spring graduate of the class of 1951 at Prairie View A. & M. College has been employed as director of Laum Lee Fellowship house in Danville, Ill.

Miss Freeman received her degree in Sociology and Science Work and has done some work toward a Master of Arts Degree in Social Work.

She also has had considerable experience as a worker at the Julia C. Hester House, a community center at Houston, Texas. While here at Prairie View she was a part time secretary in the sociology and social work department, which included research for the department and was also secretary for the Sociology club.

An open house to present Miss Freeman to the public has been announced tentatively for September 20, at Danville.

Dr. Cox Warns—Cook That Pork Well

As the weather turns cooler our thoughts turn to pork roast dinners, or perhaps to waffles and sausage suppers. Pork is a palatable food, rich in protein, fat and vitamins. Properly prepared, it is a wise choice of food. Properly cooked pork is gray throughout. Undercooked pork is pink in color and should not be eaten because it is a common source of the disease trichinosis, says Dr. Geo. W. Cox, State Health Officer.

"You are perfectly safe from this disease as long as you eat of hogs that did not have trichinosis when they were butchered. But, the danger is real as long as you buy pork and pork products without finding out where they came from. It is equally real as long as you are not careful about what your own hogs eat. Most hog trichinosis comes from hogs eating uncooked garbage.

"This disease is caused by a tiny, parasitic, round worm called trichina. It has a particular fondness for the animals muscular tissue, and while still in the larval stage, becomes embedded there. It is usually in this stage when the animal is killed. People eating the meat without taking proper precautions swallow this larvae. From the mouth they go to the stomach. Then the larvae bore into the walls of the intestines. Here they grow rapidly and migrate into the blood stream, causing fever, intense pain in the muscles, swelling and a high white bloodcell count.

"There is no absolute cure for trichinosis. The most important preventive measure is to eat only pork that is well cooked."

P. V. to Dominate Wiley—But No Run-Away

Coach Jimmie Stevens will lead his potential championship team into the huge Cotton Bowl Stadium, Monday, October 15, in Dallas as the gallant Wiley Wildcats go again and the hangmen of Prairie View.

The Wildcats will be trying to clip Stevens—better known as the "Hawk," wing this year more than anytime before, for the Wildcats were humiliated last year to a tune of 47-0.

Wiley men have improved themselves over the past year and by doing so have a pretty strong team. Both teams have impressive records, for Wiley defeated Dillard 80-0 and Prairie View hung-out Sam Huston 64-0.

Wiley's record is the most impressive but I don't think they'll be strong enough to withstand the hard running and charging team the Panthers have. If Wiley beats Prairie View, you might say the Wildcats were so lucky they could be in a locked cage surrounded with skunks and come out smelling like roses.

Humble Will Telecast Football Games

The initial Southwest Conference game of the 1951 season—plus five red-hot intersectional football games—will be seen and heard this week over Humble Oil & Refining Company broadcasts and telecasts. More than 50 radio stations and six television stations will be carrying colorful play-by-play accounts of these tilts to Humble network listeners throughout most of the state.

The contest between Arkansas and T. C. U. takes the spotlight as the first game in the 1951 South-

west Conference championship race. Saturday will also see grid action between Baylor and Tulane, Texas University and North Carolina, Southern Methodist and Missouri, Texas A. & M. and Oklahoma University and Rice and Louisiana State.

Veteran Humble announcers Bill Michaels and Eddie Barker will be on hand to describe the Baylor-Tulane clash, direct from the Sugar Bowl in New Orleans, beginning at 1:50 P.M. Saturday on stations KWTX, Waco; KRLL, Dallas; KT RH, Houston; WOAI, San Antonio; KWB, Corpus Christi.

The Texas Longhorns and the North Carolina Tarheels tangle in Memorial Stadium, Austin, and Charlie Jordan and Dave Smith will broadcast the game at 1:50 P.M. over stations WFAA-WBAP-820, Dallas-Ft. Worth; KPRC, Houston; KTSA, San Antonio; KTBC, Austin; KRIS, Corpus Christi; KRGV, Weslaco; KFDM, Beaumont; KTRE, Lufkin; KFYO, Lubbock; KFDX, Wichita Falls; KPET, Lamesa; KRIG, Odessa; KVLM, Monahans; KIUN, Pecos; KVLV, Alpine; KSET, El Paso; KINE, Kingsville; KVOX, Sweetwater.

Freshman Class Elect Officers for 1951-52

Miss Gloria Olden—Chairman
Mr. Dudley DeRoven—Chairman
Mr. Edward Hill—Chairman of Program Committee

JOHN FREEMAN AND IRA FRANKLIN . . . Two of last year's lettermen will see plenty of action on the Panther squad again this year.

SIGMA RHO SIGMA MEMBERS SUCCEED AFTER GRADUATION

The Rho Chapter (Prairie View College Chapter) of the Sigma Rho Sigma, National honorary society, notes that the members of their Chapter who graduated in May, 1951 have made enormous successes upon graduation. Included among this group are: Misses Helen C. Kirk, who received the Pitt. fellowship from the University of Pittsburgh; Robzene Lavert, who is doing civil service work in New York; Mary L. Freeman, who

has a civil service job in Chicago; and Vivian Brooks, who is reported doing graduate study at the University of Texas Law School. This organization is now active on the campus. Miss Cleotha Balkey is president of Prairie View's Chapter as well as national vice president of the organization. Arthur Jean Milligan and Drucilla Moore are secretary and reporter of Prairie View's Chapter, respectively.

Size it up and you'll see why
More People Buy Chevrolets Than Any Other Car!

The Styleline DeLuxe 4-Door Sedan (Continuation of standard equipment and trim illustrated is dependent on availability of material.)

Longest of the Lot
Chevrolet looks longest, Chevrolet is longest . . . a swank and sweeping 197 1/4 inches over-all that tops any other car in the low-price field. Size up Chevrolet's greater length, and you'll find it hard to settle for less.

Most Road-Hugging Weight
Gives you more road-hugging, road-smoothing weight . . . a hefty 3140 pounds! in the model illustrated that no comparable car in the field can match. Get the feel of this big car, and you won't settle for less. (Shipping weight.)

Widest Tread in Its Field
Here's the steadiness of the widest tread in the field . . . 58 3/4 inches between centers of rear wheels. Once you've known the better roadability of Chevrolet's wider tread, you wouldn't settle for less.

Finest Comfort Features
Luxury of Body by Fisher . . . cradled ease of unitized Knee Action . . . smooth control of Center-Point Steering!

Biggest Brakes of Any Low-Priced Car
Big, powerful Jumbo-Drum brakes—largest in the low-price field! Use the car's own momentum to increase stopping power.

Way Ahead with Valve-in-Head
The trend's to valve-in-head. And Chevrolet's had it for nearly 40 years! Get sparkling performance and real over-all economy.

America's Largest and Finest Low-Priced Car!

Join the Shift to No-Shift **POWER GLIDE** Automatic Transmission*

Sensationally smooth! Excitingly easy! It's a new experience in driving, the modern way to drive. Costs little more—or even less than many a car with standard gearshift! *Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional on DeLuxe models at extra cost.
